Crooked River Locks

The locks are to be completely repaired before the next boating season due to \$500,000 in stimulus monies received.

Derry's Island Project

Funds have been obtained from the DNR for most of the purchase price of the Koboski property that is needed to access Derry's Island. The grant money will also make possible the building of an entrance foot bridge and a boardwalk that will completely surround the island. The unique recreational addition to our community will include fishing docks, boat slips, and a gazebo lighthouse. The property improvement will begin next year.
