

Littlefield Township Hay Lake Marina Rules and Regulations 2021

1. All boats shall register immediately with the marina office, and docking of boats shall be at the sole and exclusive direction of the acting Harbor Master.
2. No rafting of boats is permitted.
3. No daily boat launcher or other unauthorized boat may occupy or obstruct usage of a slip.
4. Transient slips are available for 14 days maximum duration. See the fee schedule.
5. Transient checkout time is 1:00 PM.
6. All fees shall be paid in advance.
7. Any boat in the harbor before May 1 (except slip permit holders) or after Oct. 31 must be approved by the Harbor Master and will be subject to additional fees according to the regular fee schedule (a slip permit item).
8. No charter or commercial vessels are permitted to operate from the marina slips.
9. No portion of the boat or its hardware shall overhang the dock or the docks rated length (a slip permit item).
10. Boat shore power cords must be at least 30-amp marine quality with waterproof attachment connectors. The boat electrical load shall not exceed the rating of the cord or the shore power outlet.
11. Noise shall be held to a minimum. Boaters shall use discretion in operating entertainment sound systems, motors, generators, accessories or engines capable of producing loud noise so as not to create a nuisance.
12. Slip users are responsible for their guests on their boat or on the premises. Any activity, including verbal comments, that causes a disturbance to the peaceful use and enjoyment of the harbor by other users may result in the offending person(s) being removed from the premises.
13. No refuse or polluting materials shall be thrown overboard or discharged. All garbage shall be put in plastic bags before depositing in the provided trash containers.
14. Use of electric, solid, or liquid fuel heaters, charcoal grills or open flames on the docks is prohibited. Renter agrees not to place or store gasoline or fuel in the Boat or any dockage or storage except that contained in the fuel tank(s) specifically designed to hold gas or fuel aboard the Boat. Renter further agrees not to deliver or to permit others to deliver gas or other fuel into the tank of the Boat from the tanker trucks or by any other method of delivery while said boat is on marina premises. Accidental spills are to be reported to the Fire Department.
15. Use of any open flame devise, toxic chemicals or any hazardous equipment or supplies in the docking or storage area is prohibited.
16. Outside cooking of any type is prohibited on the docks, boats (except in the boat galley), walkways and adjacent areas on the premises. Activities of such will be allowed in designated areas only.
17. A slip-holder may not use electrical outlets to operate power tools, equipment, or machinery unless permission has been given by the Harbormaster.
18. No major repairs shall be made to the boat while in the marina. The marina office must be informed of arrangements made for outside boat repair services, and the service provider must provide certification of liability insurance.
19. The boat shall remain in seaworthy condition and not constitute a fire hazard or obstruction to navigation.
20. The operator of any watercraft must be in control of such watercraft within the harbor at all times.
21. No bicycles, motor vehicles, roller skates / blades, or other wheeled sports equipment are permitted on the docks or seawall area. No roller skates / blades or skateboards are allowed in the parking lot.
22. Slip holders shall not store supplies, materials, accessories, or debris on any walkway or dock and shall not construct thereon any lockers, chests, cabinets, steps, and ramps or otherwise alter the dock.
23. No signs, nameplates (except the name of the Boat affixed to the hull) or other advertising or descriptive devices shall be displayed on the boats or docks, including "For Rent" or "For Sale" signs.
24. No throwing sports are permitted in the marina.
25. Setting off fireworks is not allowed in the harbor or the marina property.

26. No swimming or diving is permitted in the harbor.
27. All boats shall operate at a slow, no-wake speed in the harbor.
28. No boat shall operate under sail inside the marina harbor entrance if it has auxiliary power available.
29. All dogs shall remain on a leash and are the full responsibility of the dog owner, including dog waste pickup.
30. No electric cords shall run across any designated driveway or walkway.
31. Parking of vehicles shall be done in designated areas only, not on the grass or in fire lanes. Parking passes issued by the marina office are to be displayed in the front window on the rear-view mirror with the number visible from the front of the vehicle. Whenever a parking problem occurs, please bring it to the harbor attendant for a solution.
32. No camping is permitted on the premises. (RV or Tent)
33. Fish cleaning and the disposal of fish remains is not permitted.
34. Public restrooms are open from 6AM to 10PM during season.

The Harbor Master, with the help of the marina staff, is responsible for enforcement of these rules. Verbal warning, followed by written warning, will assure communication of the violation before more severe corrective action is taken. See your seasonal slip permit for the extent of additional actions allowed.

All complaints and commandments must be made to the acting harbor master. If a problem is not resolved a contact may be made with the Township Office.
